

2025 Ray Aviation Scholarship

Experimental Aircraft Association Chapter 729

Value: Up to \$12000

Initial Deadline: September 17th, 2025

Overview:

The EAA Ray Aviation Scholarship is a merit-based scholarship program that is funded by the Ray Foundation, managed by EAA, and administered through the EAA Chapters network. Through the generous support of the Ray Foundation, EAA provides up to \$12,000 to deserving youths to help cover their flight training expenses, totaling \$2,250,000 in annual scholarship funding.

Scholarship recipients receive both local and national recognition, serve as leaders and ambassadors of the chapter, and are provided with numerous opportunities to be involved in aviation. They also receive a scholarship recipient kit and, upon achieving designated milestones, are awarded a complimentary Lightspeed Zulu 3 headset. Furthermore, scholars are invited to and recognized at EAA AirVenture each year.

The EAA describes Ray Aviation Scholarship applicants as the “most engaged, excited, and motivated aspiring pilots the chapter has had the pleasure of meeting”.

Application Process and Deadlines:

- Application Opens: July 1st, 2025
- *Information Meeting: August (see "Ray Aviation Scholarship" page at eaa729.org for details)
- Application Closes: September 17th, 2025
- **Interview Period: September 22nd - September 26th
- Decisions Released: October 3rd, 2025
- EAA Foundation Application Deadline: October 31st, 2025
- Chapter Award Ceremony: November Monthly Meeting

*There will be an information meeting hosted by the Scholarship Committee and Chapter at the EAA Chapter Hangar 4750 Kelly Street, Columbus, IN 47203. This meeting will address general information and questions regarding the scholarship, as well as provide insight into the requirements of flight training and possible options. It is **highly encouraged** that applicants and parents attend this information session to understand the expectations and options in full.

**Interviews will be in person only.

Tips for Success:

- It is encouraged to use the application period to become involved in aviation and begin working towards your goals. **Late applications will not be accepted**, however applicants will not be considered on a rolling basis (i.e. it does not matter when the application is submitted so long as it is before the deadline).

- Review your application multiple times and have someone else review it for you as well. It is recommended that you do not fill the application out and submit it immediately, rather give yourself time to make adjustments and provide the best application possible.
- Consider reading through the expectations and information located on the EAA's Ray Aviation Scholarship Fund Webpage: [Ray Aviation Scholarship Fund | EAA](#)
